

THE LOCAL CHURCH

There's a saying that goes, **"we always overestimate what can be accomplished in one year and always underestimate what can be accomplished in ten."** If this is true, then friends we are in for a wild ride as "immeasurably more than all we ask or imagine" feels like the best way to describe this first year together.

God has moved among, through and around us in ways that we didn't expect and couldn't have foreseen and we are humbled. We are not finished, however, because he is not finished.

We have much to celebrate, but much more to look forward to. As a young church (1 year old today!) we have just begun to walk, but God has a race mapped out for us and this race will require running. Together, "according to His power that is at work within us", we will learn to run with joy, with strength, with endurance to seek and save that which is lost. Content, yet not satisfied, grateful, yet hungry. I can't wait to see what the next 9 years hold.
