

Local Families,

I hope that your family enjoyed the first installment of our BibleProject study! As we reflect on the Image of God, we are able to see the Son of Man—the one who was said to be the ultimate example of the Image of God.

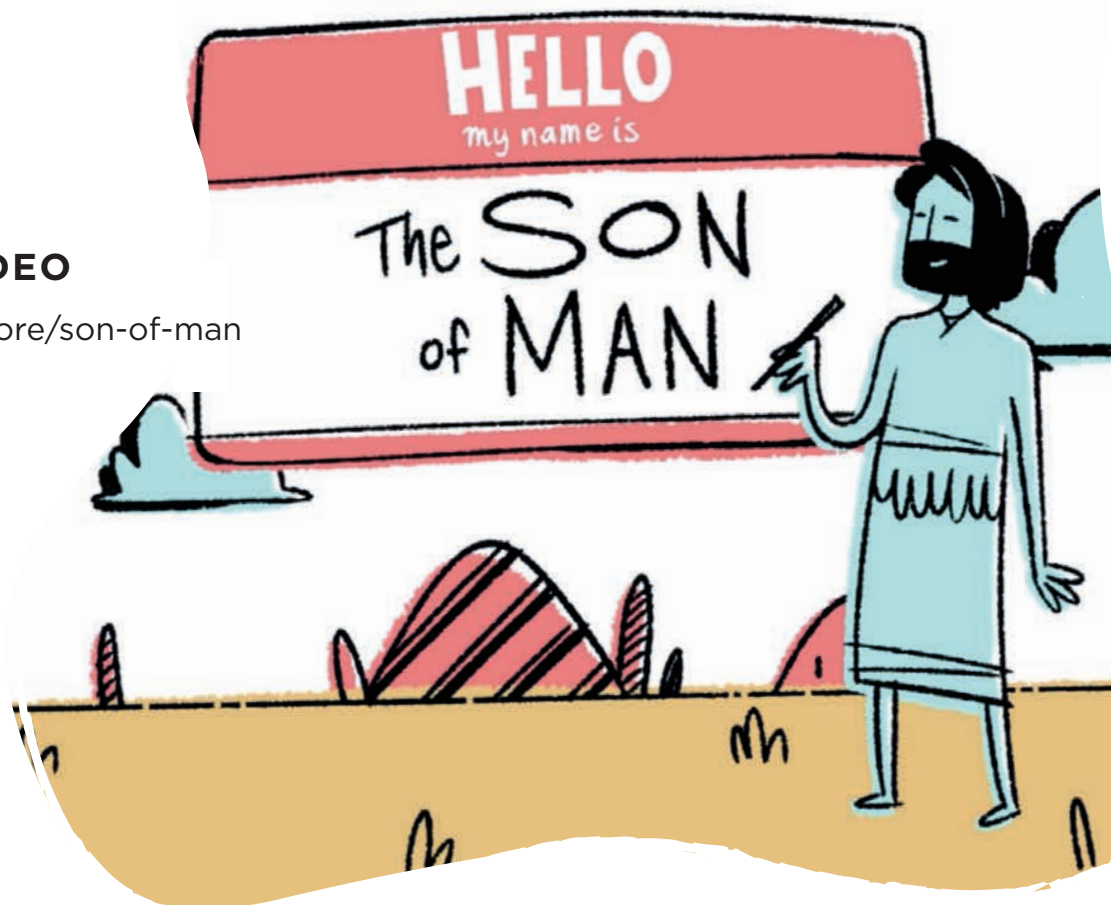

This week, we're exploring this divine example, the Son of Man, in more detail. To begin, please watch the video with your family, and then follow the steps below for more guidance and information.

Local Families,

As I am sure you are all aware, we are living through an incredibly unique and difficult time. Just know that we miss you all and love you all dearly. Engaging with family during this time can be filled with stress and difficulty, but it is my prayer that rather than this being a time of struggle and hardship, it is a time of growth. As such, we want to equip you with resources to build some normalcy and rhythms back into the life of your family.

BibleProject

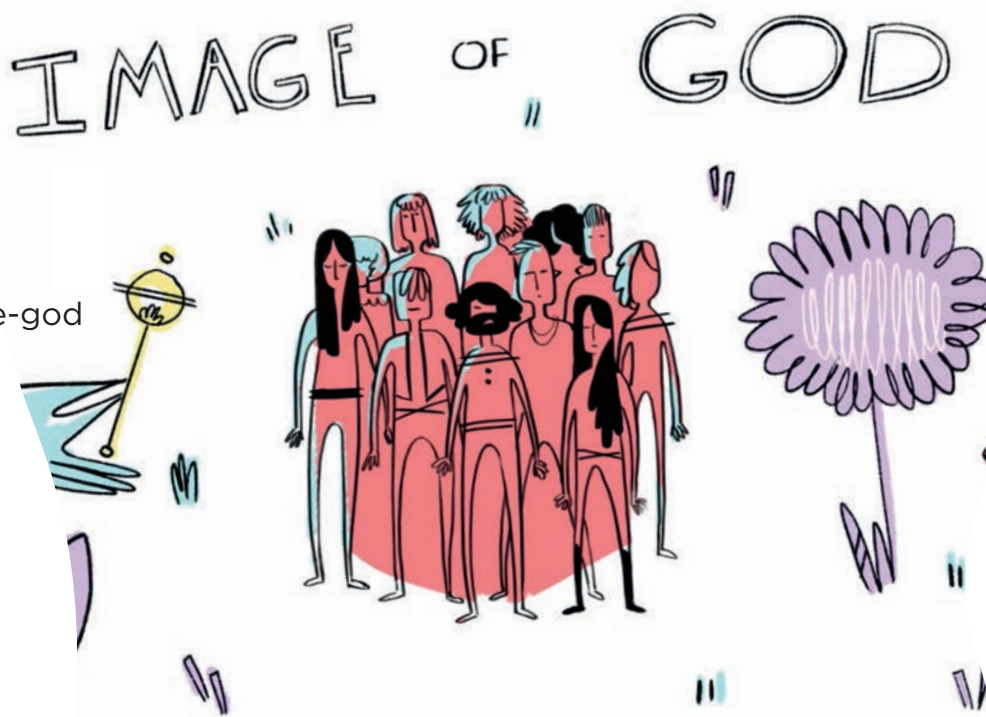

We encourage you to watch a short video from BibleProject about the Image of God together, as a family, then follow the step below! We hope and pray that as you engage in this activity with your family, you will have informative and helpful conversations surrounding key themes of the story of God.

Local Families,

As we come to the third installment of our BibleProject study, we look ahead to the culmination of the Image of God and the Son of Man.

The goal of understanding the Image of God and the Son of Man is the reunification of Heaven and Earth. Seeing how Heaven and Earth interact as entities can be confusing and may seem impossible to comprehend. I pray that this week will provide your family with new insight and clarity. Please follow the steps below for more guidance and information.
