

7th Birthday

Psalm 77

On Sunday we celebrated our 7th birthday! While we wrestle with the disappointment of a different offer being accepted on a building we continue to feel like God has for us, the Bible encourages us to bring those to God and remember God's mighty works. Our birthday presented the perfect opportunity for that.

Getting Started

What's your favorite birthday memory from growing up or maybe more recently?

Digging Deeper

- From the text above, we see the permission God gives us to wrestle with our disappointments with Him. Are there any disappointments you have really wrestled with God on? Maybe there is one in your life currently? Share with the group.
- Psalm 105:1-2 makes it clear to tell others of God's wonderful acts. Sunday's message did this. Share some of the wonderful acts God has done in your life while you have been a part of TLC.
- On Sunday Toran invited us to fast and pray for two things:
 1. That God might be gracious and raise our building offer from the dead.
 2. Ask God how he might want you to sacrificially give so we can have money available when he opens a space for us.
- Is there anything you might fast from? Are there any ways you sense God asking you to be a part of this?
