

## Gospel: Humanity

April 3, 2022

Genesis 1:31; Genesis 3:6-7; Romans 8:19-23

*This morning we continued our new series, Gospel. A gospel is an explanatory narrative that gives you hope to live in the world. On Sunday, Dr. Burge walked us through the Gospel that Scripture provides: Creation, Fall, Redemption, and Restoration. We focused in on the first two words this past Sunday.*

## Getting Started

Dr. Burge used several stories (Beauty and the Beast) that have their own “gospel”—a narrative that gives hope in the world. What “gospels” have you noticed in movies/shows that you have watched recently?

## Read

Genesis 1:31; Genesis 3:6-7; Romans 8:19-23

## Digging Deeper

- In the first passage in Genesis from the text above, it says that “creation was good”. How have you experienced this in your life? What moment have you realized how good and beautiful creation is?
- Dr. Burge walked us through the second circle and word—Fall. Something is broken in creation and humanity. He showed a few images to tweak our memory of this reality. How did this make you feel? How did you respond?
- Something is wonderful, but burdened; beautiful, but broken about creation. We are in need of a rescue. How does this resonate with you? How did you respond to Sunday’s message as a whole?
